

Third Meeting

Designer: Brenna

Creative Director: Elyse

Meeting Notes:

- Website structure so far is good
- New profile photo looks great
- New typeface looks amazing
- Thumbnail images for films are still a little too small
- Maybe a bigger white space before the website title, right now the top margin looks a little tight
- Body text looks forced justified
 - Maybe because font size is too big for a narrow column width
 - Take out citation numerals
- Website styling
 - Grid layout, containers
 - Or navigation bar + double columns
 - Responsive strategy:
 - separate styles for button hover states and active states
